JAXXD

JAXXD, also known as Joy Alam, is the founder of ArtX and a rising force in the electronic music scene, recognized for delivering high-energy sets. The artist debuted at a New Year's party in 2022 and showcased a breakthrough performance on January 27, 2023, at Mystic Tales. The largest show to date took place at the Let's Vibe Festival, where over 30,000 attendees experienced JAXXD's dynamic sound.

As the creator of ArtX, JAXXD introduced a series of events that seamlessly integrate music, art, and technology into one immersive experience. With a focus on evolving creative expression and expanding reach, JAXXD is carving out a unique presence in the industry—bringing electrifying energy, a deep connection with audiences, and distinctive fashion to stages worldwide, while redefining how artists perform.
